

30x48" Handhole System

ChallengerOptics Handhole System is designed for underground distribution systems, especially for fiber optic and electric industries. Manufactured with innovated composite material. The HH3048 system is an ideal solution compared to concrete manholes. Modular, strong and lightweight, saving installation time.

Advantages:

- Modular bolt together design with on-site set up
- Strong but light composite material construction
- Light weight, space saving modular design
- Easy to drill for additional access, duct entry provided
- secure fastening with HD SS bolts
- Meets SCTE-77 / Tier22

specifications:

		Handhole	Cover
CO-HH3048	Internal size	30 x 48 in	—
	External size	33 x 51 in	26 x 39 in
	Height	36 in	3in
	Weight	180 lbs	2 lids 66 lbs ea.
	Fastening	bolt/screw	bolt

ordering information:

CO-HH3048 Handhole, 30" x 48" x 36" deep, modular, SCTE77 / Tier 22
6 per skid / skid dimensions 28 x 35 x 60

assembly:

inside top corner:
insert lid nut & corner brace*

outside corners:
bolt together - 3 per corner*

*Handhole assembly video

installation:

Dig trench, fill bottom
w/ recommended drainage.

Lift the HandHole and
position in place

Pack in backfill.
